

## Clinical Nurse Educator for Informatics

Crozer-Chester Medical Center

Upland, PA

Crozer Chester Medical Center Nursing Education Department has an exciting NEW position for a full time ( 40 hours/week ) Clinical Nurse Educator for Informatics education. The primary focus of the position is initial and ongoing education of our Nursing Services personnel on clinical informatics software including, but not limited to CPOE, MAK, EMR, API ActiveStaffer ( electronic self scheduling ) and EdTracker. As an active member of the various Clinical Informatics committees/build teams his/her educational and clinical opinion will be highly valued. This is primarily a day shift position, but the ability to work weekends and off shifts for clinical education support, especially during go-lives, is required. **Position Requirements:** BSN required, MSN or Masters in Clinical Informatics preferred. At least 3 years of Nursing Clinical Informatics and Educator experience. Experience with MAK, EMR, and CPOE implementation and education. Interested applicants email or call: Leslie Mickles at [Leslie.Mickles@crozer.org](mailto:Leslie.Mickles@crozer.org) ( 610 ) 447-6431.
