

SENIOR CLINICAL ANALYST
Nursing Informatics

Main Line Health...Well Ahead.

Recognized with Magnet® status, the highest institutional honor awarded for excellence in nursing, Main Line Health remains focused on making people's lives better - award-winning healthcare for our patients and fulfilling careers for our great staff. With compassion and caring, we focus on providing the highest levels of care.

We are currently seeking a Senior Clinical Analyst to ensure that clinical systems meet the clinical requirements of the nurses and other clinicians. Managing project development, testing and training, this position translates the user requirements into system specifications to support clinical practices and standards. Participating in the entire implementation process, this role is involved in clinical system design, build, and evaluation.

Qualifications and Experience:

- BSN; MSN preferred
- Certification in Nursing Informatics preferred
- Minimum of 5 years clinical experience; current or eligible for PA license
- Demonstrated leadership, decision-making ability and effective interpersonal skills
- Must have experience as a team member or team leader in system implementation of a clinical application
- Experienced as a Super-User for clinical system implementations a plus
- Strong communication skills; ability to produce clear, complete, and concise documentation.
- Strong customer service orientation
- Solid organizational, planning and project management skills
- Sound understanding of clinician practices and procedures within the organization
- Understanding of Quality, Patient safety, Utilization Review, and Regulatory procedures
- Ability to work independently

- Ability to adjust to various personalities in stressful situations and maintain positive interactions with users
- Experience in leading implementation of clinical systems
- Knowledge of computer systems and applications within a healthcare environment is required
- Experience with data gathering, analysis, and process documentation tools such as VISIO and Excel

We offer salary commensurate with experience and comprehensive benefits.
