NURSING PERFORMANCE IMPROVEMENT MANAGER
TEMPLE UNIVERSITY HOSPITAL
PHILADELPHIA, PA 19140
JOB POSTING ID#8101

This individual is responsible for the management of a comprehensive Performance Improvement program for the Department of Nursing. They will administer all aspects of National Database of Nursing Quality Indicators (NDNQI) to include data collection, database management and reporting, and associated quality projects. They will also be a liaison with other clinical departments for interdisciplinary aspects of nursing performance improvement programs.

Exempt, salaried position with typical Monday-Friday hours.

Temple University Hospital is an academic medical center with a Level I Trauma Center, offering comprehensive inpatient and outpatient services to the surrounding community, and highly specialized tertiary services to the entire region. We have made a commitment to making patient-centered care as important as providing the most advanced treatment. Our team and dynamic setting combine to offer those who share our focus an exceptional career path. We have been ranked among the best hospitals in the region overall by *U.S. News & World Report*.

Additional information can be found at www.templehealth.org.

Requirements:

- A Commonwealth of Pennsylvania Registered Nurse License, or immediately eligibility.
- A Bachelors Degree in Nursing (BSN).
- At least 5 years of experience in an acute care hospital.
- A minimum of 3 years experience in Performance Improvement activities.
- Experience with NDNQI is preferred.
- Proficiency in use of personal computers and software applications, e.g., wordprocessing, databases, spreadsheets, flow charting and statistical analysis, is preferred.
- Certification in Quality Management is preferred.

We offer a competitive salary and an excellent benefits package including a valuable 403(b) match and tuition assistance for employees (and undergraduate dependants attending Temple University).
